SUMMARY

I'm a passionate front-end developer skilled in C, Python, and Java with a deep interest in web development and design. My commitment to continual learning drives me to excel in innovative projects, such as 'Farm to Door.' My experiences include participating in hackathons, leading projects, and creating user-friendly digital designs. I strive for excellence in every challenge I undertake.

EDUCATION

B.Tech in Computer Science and Engineering (Data Science)

Aditya Engineering College

08/2023 - 05/2027 Andhra Pradesh

PROJECTS

Personal Portfolio

- A personal portfolio showcasing skills and projects.
- Designed and developed a responsive personal portfolio using HTML and CSS.
